Aloha UH Mānoa Financial Aid Recipients!

Scholarships, tuition waivers, and stipends are considered part of your financial aid package. Federal regulations require that Financial Aid Services take these resources into account when determining your eligibility for financial aid awards. Your financial aid (grants, work-study, loans) and resources may not exceed the cost of attendance (tuition and fees, room and board, books and supplies, etc.).

If you received a scholarship, tuition waiver, or stipend and have not already contacted the Financial Aid Office, you must complete the Financial Aid Change Request Form at http://www.hawaii.edu/fas/forms/. If Financial Aid determines that they must revise your financial aid award, they will email you and the revision will be reflected on the MyUH portal.

For more information about how scholarships may affect your financial aid, please see http://www.hawaii.edu/fas/policies/other_finaid.php#other_finaid.php.

For more information on stipends, you may read the unfortunately titled Kaleo story, Students Lose Stipends to Financial Aid (October 3, 2014). [Students do not "lose" their stipends, however, the federal government requires the UHM Financial Aid Office to take stipends into account when packaging financial aid so other financial aid may be reduced.]

Thank you!
