You are invited to this exclusive event where we will be featuring Excellence in Teaching recipient, Dr. Magdy Iskander. He will be the first featured faculty spotlight to be accessible outside of the classroom! Take advantage of the opportunity to talk to Dr. Iskander outside of the classroom about his research, professional career, or personal insights on how to successfully navigate the engineering world. You don’t want to miss this rare opportunity to enhance your success by learning from the best!

GET EXCITED!

Don’t miss out on this great event on Tuesday, 4/14/15 5:30 — 6:45 PM in Frear Hall Conference Hall
Where you will:

- Get to know more about & connect with Dr. Iskander outside of the classroom
- Learn Engineering strategies for success
- Enjoy ono food while enriching your educational experience
