

# We're Hiring: Engineers & Planners

The City and County of Honolulu Complete Streets team is looking for engineers, planners, and project management professionals who are interested in improving O'ahu streets for all roadway users. Positions are available beginning July 1, 2022.

These positions will manage multimodal roadway safety projects through multiple stages of project development, from preliminary engineering through construction. Specific responsibilities include design development and review, procurement and contract management, public agency coordination, and stakeholder engagement.

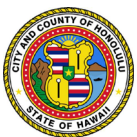

**REQUIREMENTS:** A Bachelor's degree in a related field and professional experience in engineering, planning, architecture, or socio-economic research.

**PAY:** These professional service contract positions offer compensation commensurate with relevant experience

**BENEFITS:**

- 21 days of vacation, 21 days of sick leave, 13 paid holidays
- Medical, dental and vision coverage
- Employees Retirement System ... and many more!

**Please Contact Us for an Application!**
