

Data Science and Hydrology Internship Opportunity

*Contribute to research on
hydrology, water management,
and safety of Hawaii's aging water
reservoir infrastructure*

*Flexible hours. With
some in-person
time at UH Manoa.
Some telework OK.*

FOR MORE DETAILS

*Current UH students can
Apply by searching for
Job Number 268175 on
<https://sece.its.hawaii.edu/>*

Or contact:

cshuler@hawaii.edu

LEARN ABOUT HYDROLOGY AND DATA SCIENCE WHILE DOING REAL WORK TO HELP MAKE HAWAII SAFER AND MORE SUSTAINABLE

*Apply knowledge related to computer programming,
data analysis, and natural sciences to collect, work with
and visualize hydrological data to answer critical
questions about water resources and natural hazards.*

Qualifications:

- Interest in Hydrology and the natural sciences*
- Familiar with Python programming language and Jupyter notebooks*
- Desire to advance skills in programming, data analysis, and environmental sciences.*
